

## In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui."

"Since taking Cardui, I am so much better and can do all my housework."

## Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition. In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health. ## KILLED HER STEPDAUGHTER.

The first and second confessions of Mrs. Rae Krauss, prepared by her for her plea of guilty in the Blackford Indiana Circuit Court, were read to the jury in the Superior Court at the opening of the Krauss divorce trial Tuesday. In them the defendant confessed she took the life of her stepdaughter, Crystal, by poisoning her with strychnine, claiming she was under a spell when she did it, and was prompted by the thought that Crystal was worrying her father.

Mrs. Krauss said she did not wish to kill Crystal, but some impulse seized her and she did not know what she was doing at the time. Her love for her husband, the great wrong she had done him, and her grief were given as causes for the confession.

The defendant in these confessions prays the judge to spare her life so that she may spend her days praying for forgiveness for what she has done.

## SNAKE HAS CHARGE OF PHIP.

When the big British freighter Indragi reached Boston Tuesday from the East, one section of the vessel was in control of a monster python. The python, which is over 30 feet long, was one of a shipment of six which was taken on board at Singapore.

Four days ago the largest of the pythons suddenly became active. It worked the cover off its box and stretched itself on the deck. In an attempt to capture the reptile, the sailors pushed a plank into its mouth. The python leaped about with the plank, injuring several of the men. When all efforts to get the monster back to his cage had failed, the sailors boarded up the space where the python lay, and his snakehood was still in charge of his share of the deck when the Indragi arrived in Boston.

## Order Your Overland Now Delay Means Disappointment

Last season there were over 8,000 people whose orders for Overlands were received too late. Our factory can build only 20,000 cars this year. Every single car has been contracted for. When our allotment is filled we cannot get more at any price. Half the people who want to buy Overlands here will be unable to get them. Get yours now.

The tremendous demand for Overlands has practically swamped the factory. Orders are piling in at twice the rate of production. Even with five times the factory facilities of last year, the output is daily falling further behind the demand.

Every Overland put into an owner's hands sells far better than the others. Sixteen thousand 1910 Overlands were contracted for last August, simply on the record of the four thousand 1909 cars. Every new Overland that appears on the road creates further demand for this wonderful car.

The reason behind this unheard-of demand is sheer merit—nothing else. Up to January, 1910, the car was never even advertised. But the Overland proves so reliable, so simple, so trouble-proof, so economical that now everybody who knows the fact wants one of these matchless cars.

Men who never before thought of buying cars are buying Overlands. Men who have owned other cars are buying them for their mechanical correctness. Wealthy men buy them because of their handiness. Poor men buy Overlands because they are the first good cars at a moderate cost.
